PAPER G: Acute Based Care Board update to OHSEL Board
Programme SRO: Dr Clive Kay
Report Author: Annabel Appleby
Presenter: Sarah Cottingham / Annabel Appleby
<p>Summary: Similar to many parts of the country, the Acute sector in south east London is challenged; there are significant challenges in terms of performance and providing timely care to our population, workforce challenges which impact the clinical sustainability of services, site/service challenges which impact efficiency of care delivery, and a significant combined financial deficit.</p> <p>Following discussions with commissioners, GSTT, KCH and LGT established the Acute Based Care Programme in April 2019.</p> <p>The long term strategic objective of the Acute Based Care Programme is to support the sustainability of the acute sector in south east London:</p> <ul style="list-style-type: none"> • Improve quality of care offered to patients and deliver performance standards • Support clinical sustainability • Support financial sustainability <p>To deliver this objective, the Acute Based Care Programme has identified priority areas where new ways of working have the potential to support sustainability of our acute sector, in clinical, quality and financial terms.</p> <p>The priority for the programme May-Dec 2019 has been testing and building collaborative working arrangements in these identified specialty areas. This paper summarises the progress to date and next steps for these specialty based work areas, as well as setting out lessons learned and next steps for the Acute Based Care Programme.</p>
<p>Action Required</p> <p>The OHSEL Board is asked to:</p> <p>NOTE the update and SUPPORT the direction of work within the Acute Based Care Programme</p>
